

MEMORANDUM #141

TO: UNCHCS Attending Physicians, Housestaff, Department Heads and Supervisors

FROM: *NKS* Nichole Korpi-Steiner, Ph.D., Director, Special Chemistry Laboratory
CC Christian Cristobal, Assistant Administrator, Special Chemistry Laboratory
HW Herbert C. Whinna, M.D., Ph.D., Medical Director, McLendon Clinical Laboratories

SUBJECT: Changes to CSF Oligoclonal Banding Order

DATE: February 8, 2018

Effective February 13, 2018 in order to better serve our patients and ensure that all necessary specimens are collected to complete testing; the McLendon Clinical Laboratories orders for CSF Oligoclonal Banding testing are being changed. The new order set/panel is shown below.

New Order Set/Panel: Oligoclonal Banding, CSF (Synonym: CSF Electrophoresis, CSF Protein)

The current order will be removed automatically by the ISD Epic Team from system and users' personal preference lists so that it cannot be mistakenly ordered. Unfortunately, the new order cannot be automatically added back to any personal preference list, so **users will have to add the new order back to their personal preference lists.**

If you have any questions related to these changes, please contact the Special Chemistry Laboratory at 984-974-1415.
