Description
The NC Children’s Hospital cares for a variety of chronic and acutely ill children across the ages. Common and uncommon cardiovascular and oncologic diseases present themselves and require the utmost care and attention. This conference has experts in pediatrics sharing wisdom, practice, and expertise in both cardiac and oncologic disease processes - a "must attend" for anyone in pediatrics!

Objectives
The learner will:

- Review chest x Rays and discover useful tips to interpret.

- Engage in case study conversation about complicated cardiac patients.

- Explore oncologic diagnoses, treatments, and emergency management.

- Identify and investigate inotropic medications used in the care of complex pediatric patients

Contact Hours For Continuing Nursing Education
Upon successful completion of this CNE activity and submission of a completed CNE evaluation, the participant will receive a certificate of completion for 3 contact hours and a completed CNE evaluation, the participant will receive a certificate of completion for 6 contact hours. Successful completion requires attendance at 100% of the activity to earn contact hours.

Target Audience
Nurses caring for critically ill children in a variety of settings.
