

**Memorandum – Core #219**

To: UNC Hospitals, Eastowne, and Hillsborough Attending Physicians, Housestaff, Clinical Nurse Coordinators, Department Heads and Supervisors

From: *HCU* Herbert C Whinna, MD, PhD  
Medical Director, UNCMC McLendon Clinical Laboratories

*SWC* Steven W. Cotten, PhD  
Director of Automated Chemistry, UNC Medical Center

Date: March 27, 2025

**Subject: Fetal Fibronectin Sent to Rex Hospital and Clozapine Available at the UNC Medical Center in Early April**

---

Effective April 1st, 2025, Fetal Fibronectin testing will be sent to Rex Hospital. This change comes from low utilization of the test at the medical center. Fetal Fibronectin will still be available for order in EPIC. The turnaround time will be approximately 1 day.

Effective April 8th, 2025, the medical center will offer Clozapine testing in-house. EPIC ordering information and test attributes are listed below.

Name	EPIC Order	Sample Type	Turnaround time
Clozapine	LAB17033	Serum (Royal Blue, Red top, no gel)	2 hours

For questions, please contact.
