- Patient centered service delivery

Professional Development

- Mentorship from clinical leaders
- Research and quality improvement
- Leadership skill development
- Career readiness activities

Who We Are

The Critical Care Internship Program is a one-year paid internship through UNC Medical Center focused on critical care and acute care services. The program begins in the spring of the second professional year and concludes at the end of the third year of pharmacy school.

What We Offer

Interns are offered unique hands-on experiences that contribute to the clinical, operational, and patient-focused aspects of critical care pharmacy practice.

Check out the Pharmacy Internship Program website for details:

<https://www.uncmedicalcenter.org/uncmc/professional-education-and-services/pharmacy-internship/>

Deadline to apply is February 20, 2026!
